SUMMARY

Freshly graduated IT student who breaks web apps on purpose and writes the report afterwards. I test login, sessions and access control, mostly in Burp Suite, and I would rather send one reproducible report than ten guesses. Looking for a junior pentest, VAPT, or cybersecurity internship role.

EXPERIENCE

Independent Bug Bounty Researcher - [profile](#)

Present

- 4 reports submitted: 2 informational, 2 rejected, 0 paid. Triagers are excellent teachers.
- Recon with amass, httpx and ffuf; manual testing in Burp Suite on authentication, authorization and API workflows.
- Now I confirm impact and reproducibility before I hit submit, and I read the scope twice.

Cybersecurity Intern, Elevate Labs Pvt. Ltd - [Remote](#)

Jun 2025 - Jul 2025

- Ran test scenarios against application backends: login logic, session handling, access control.
- Wrote a defect report for every finding with reproduction steps, root cause, severity and a suggested fix.
- Reviewed authentication and access-control code while it was still being written.

Backend Engineering Intern, Salcomp Manufacturing - [Chennai](#)

Jun 2024 - Jul 2024

- Python and FastAPI tasks, plus a first look at how IT supports a manufacturing floor.

PROJECTS

Behavioral Authentication System - [Repo](#)

2026

- Login that uses behavioral signals, with session isolation and anomaly detection.

NeuroSploit - [Repo](#)

2023

- AI-assisted reconnaissance engine that builds a living map of a domain's attack surface, correlating endpoints, JavaScript, exposed secrets, and technology stack.

Smooth Visualization of Satellite Imagery (Smart India Hackathon 2024) - [Repo](#)

2024

- Backend and output validation for a satellite frame-interpolation pipeline.

SKILLS

Recon: amass, httpx, ffuf

Web and API testing: Burp Suite, Nessus

Scripting and data: Python, fish, SQL

Tools & Environment: Arch Linux, VS Code, Jira

EDUCATION AND CERTIFICATIONS

B.E. Information Technology, Annamalai University - [7.9](#)

2022 - 2026

NPTEL: Privacy and Security in Online Social Media - [\(74%, Elite\)](#).

Nov 2025

Advanced Cyber Security and Ethical Hacking, Boston Institute of Analytics, Bangalore (4 months)

In progress

National finalist: Smart India Hackathon and Rakathon.

Nov 2024 & Apr 2025
